TUESDAY, MAY 13TH, 2025

Registration	5/13/2025	10:00 AM	5:00 PM	Pre-Function Space - Outside Exhibit Hall
Biennial Golf Outing - Seaview Bay Course	5/13/2025	12:00 PM	5:00 PM	Seaview Golf Club - 401 South New York Road Galloway, NJ 08205
Short Course - Surface Coatings Science Excelling through the Transition from Solvent borne to Waterborne Coatings Technologies	5/13/2025	1:00 PM	5:00 PM	Wildwood 7/8/9
Opening Reception – Sponsored by Azelis	5/13/2025	6:30 PM	8:30 PM	Poolside@ Harrah's

WEDNESDAY, MAY 14TH, 2025

Registration		5/14/2025	7:30 AM	6:00 PM	Pre-Function Space - Outside Exhibit Hall
Opening Keynote - Manufacturing in the age of Social Media: Why Making Stuff Matters		5/14/2025	8:00 AM	9:00 AM	Wildwood 7/8/9
Expo Hall		5/14/2025	8:30 AM	5:30 PM	Exhibit Hall
Breakfast		5/14/2025	9:00 AM	10:00 AM	Exhibit Hall
Detailed Assessment of Performance, Bulk Volatile Organic Compounds, and Emission Analysis of Acrylic Bio-based Polymers and Paints as Benchmarked against Fossil Feedstock Based Controls	Sustainability & Bio Based Solutions	5/14/2025	9:00 AM	9:30 AM	Wildwood 1/2
Achieving the Perfect Look and Feel with Silica Matting Agents	Formulation	5/14/2025	9:00 AM	9:30 AM	Wildwood 5/6
The use of ceramic microspheres in epoxy formulations with improved flow and abrasion resistance	Additives	5/14/2025	9:00 AM	9:30 AM	Wildwood 3/4

Innovative Solutions: Replacing PFAS in Coatings for a Sustainable Future	Additives	5/14/2025	9:30 AM	10:00 AM	Wildwood 3/4
Formulation Flexibility and Enhanced Performance in Architectural Coatings Without Relying on Fluorinated Additives	Formulation	5/14/2025	9:30 AM	10:00 AM	Wildwood 5/6
High Performance, Sustainable Wax-Based Surface Modifiers	Sustainability & Bio Based Solutions	5/14/2025	9:30 AM	10:00 AM	Wildwood 1/2
N-Butylpyrrolidone (NBP) as a green solvent to replace N-methylpyrrolidone (NMP) in industrial coating applications	Formulation	5/14/2025	10:00 AM	10:30 AM	Wildwood 5/6
Partially Bio-based Resins for High Performance Coatings: Performance Based on Chemistry	Sustainability & Bio Based Solutions	5/14/2025	10:00 AM	10:30 AM	Wildwood 1/2
Novel rheology booster for hydrophilic and hydrophobically treated fumed silica	Additives	5/14/2025	10:00 AM	10:30 AM	Wildwood 3/4
Phosphate Esters as Alternatives to PFAS Surfactants for Block Resistance	Formulation	5/14/2025	11:00 AM	11:30 AM	Wildwood 5/6
Next-Generation Coatings: PFAS-Free solutions for	Additives	5/14/2025	11:00 AM	11:30 AM	Wildwood 3/4

Block Resistance in Architectural Coatings					
Enabling Sustainable Coatings with Natural Surface Modifiers	Sustainability & Bio Based Solutions	5/14/2025	11:00 AM	11:30 AM	Wildwood 1/2
Monomers to improve corrosion and adhesion of DTM paints	Formulation	5/14/2025	11:30 AM	12:00 PM	Wildwood 5/6
Newest Additive Technologies for a more Sustainable Coating Formulation	Sustainability & Bio Based Solutions	5/14/2025	11:30 AM	12:00 PM	Wildwood 1/2
New Generation of Dispersants for Pigment Stabilization	Additives	5/14/2025	11:30 AM	12:00 PM	Wildwood 3/4
Lunch		5/14/2025	12:00 PM	1:00 PM	Exhibit Hall
Panel Discussion - Investing Financial & Intellectual Capital in An Ever-Changing Market		5/14/2025	1:00 PM	2:30 PM	Wildwood 7/8/9
The Rick Mazzariello Lifetime Achievement Award Presentation		5/14/2025	1:00 PM	2:30 PM	Wildwood 7/8/9
The Pflaumer Brothers Award Presentation		5/14/2025	1:00 PM	2:30 PM	Wildwood 7/8/9
How to Formulate Faster Ahead of Environmental and Sustainability Regulations	Formulation	5/14/2025	2:30 PM	3:00 PM	Wildwood 5/6
Sustainable Alternative to PFAS in Waterborne Coatings: A Novel Approach	Sustainability & Bio Based Solutions	5/14/2025	2:30 PM	3:00 PM	Wildwood 1/2

to Early Hot Block Resistance					
Novel Materials for the Improved dispersion of Polycyclic Pigments	Additives	5/14/2025	2:30 PM	3:00 PM	Wildwood 3/4
Defoamer Evolution: Advancing Mineral Oil-Free Defoamer Technology for Performance, Compliance, and Sustainability	Additives	5/14/2025	3:00 PM	3:30 PM	Wildwood 3/4
Novel Bio-based Polymers Aiding in Pigment Dispersions	Sustainability & Bio Based Solutions	5/14/2025	3:00 PM	3:30 PM	Wildwood 1/2
Beyond the Flame: The Science of Intumescent Coatings	Formulation	5/14/2025	3:00 PM	3:30 PM	Wildwood 5/6
Businesswomen in Paint & Coatings – Networking Forum		5/14/2025	3:30 PM	5:00 PM	Pre-Function Space - Wildwood Ballrooms
Exhibitor Reception – Exhibit Hall		5/14/2025	4:30 PM	6:00 PM	Exhibit Hall

THURSDAY, MAY 15TH, 2025

Registration		5/15/2025	8:00 AM	12:00 PM	Pre-Function Space - Outside Exhibit Hall
Water-borne, Two- Component, Fast-Cure Systems for Construction Applications	Resins & Binders	5/15/2025	8:00 AM	8:30 AM	Wildwood 1/2
Impact of Structural Differences in Siloxane Surface Control Additives on Floor Coating Performance	Additives	5/15/2025	8:00 AM	8:30 AM	Wildwood 5/6
Modeling Spreading and Leveling of Coatings	Novel Procedures	5/15/2025	8:00 AM	8:30 AM	Wildwood 3/4
Comparing a Portable Contact Angle Goniometer Vs. Lab-style Research Goniometer for Wettability and Surface Energy Results on Various Substrates	Novel Procedures	5/15/2025	8:30 AM	9:00 AM	Wildwood 3/4
Evaluating Modifications in Aspartic Systems on Viscoelastic Behavior	Resins & Binders	5/15/2025	8:30 AM	9:00 AM	Wildwood 1/2
Novel Flattening Paste for Matting Efficiency and Improved Burnish Resistance	Additives	5/15/2025	8:30 AM	9:00 AM	Wildwood 5/6

Is Bigger Always Better? The Effect of Increasing Particle Size on Matting and Durability of Liquid and Powder Coatings	Formulation	5/15/2025	9:00 AM	9:30 AM	Wildwood 5/6
Innovative Strategies for Emulsifying Alkyd Resins for Water-Based Coatings	Resins & Binders	5/15/2025	9:00 AM	9:30 AM	Wildwood 1/2
Optimizing Effect Paint Formulation with Smart Technology to Minimize Material and Time Waste	Novel Procedures	5/15/2025	9:00 AM	9:30 AM	Wildwood 3/4
Expo Hall		5/15/2025	9:00 AM	2:00 PM	Exhibit Hall
Breakfast		5/15/2025	9:00 AM	10:00 AM	Exhibit Hall
Daylight Fluorescent Pigments; Their Many Uses and Applications	Additives	5/15/2025	10:00 AM	10:30 AM	Wildwood 5/6
Dynamics of Mixing and Dispersing	Novel Procedures	5/15/2025	10:00 AM	10:30 AM	Wildwood 3/4
Waterborne Silicone Resin for High Temperature Resistant Coatings	Resins & Binders	5/15/2025	10:00 AM	10:30 AM	Wildwood 1/2
Surface Treated Nepheline Syenite for Enhanced Performance in Industrial Coatings	Additives	5/15/2025	10:30 AM	11:00 AM	Wildwood 5/6
Novel Innovations to Address Reduced Regulatory Limits in Wet and Dry Film Preservation	Novel Procedures	5/15/2025	10:30 AM	11:00 AM	Wildwood 3/4

Novel Waterborne Silicone Resin Emulsion for High Temperature-Resistant Protective Coatings	Resins & Binders	5/15/2025	10:30 AM	11:00 AM	Wildwood 1/2
Label Free Polycaprolactone Triols for Enhanced Performance and Safety	Resins & Binders	5/15/2025	11:00 AM	11:30 AM	Wildwood 1/2
FANTASTIC FRIENDLY FLOORS, FAST! EPOXY CURING AGENT WITH PREMIUM PERFORMANCE AND ENHANCED EHS	Additives	5/15/2025	11:00 AM	11:30 AM	Wildwood 5/6
Innovative HDI Polyurethane Flooring Solutions: Advancing Durability, Safety, and Sustainability	Novel Procedures	5/15/2025	11:00 AM	11:30 AM	Wildwood 3/4
Improving Hot Tire Resistance with a 1K, Water-Based Acrylic Dispersion	Resins & Binders	5/15/2025	11:30 AM	12:00 PM	Wildwood 1/2
Can simulation tools and physicochemical properties guide the selection of additives?	Novel Procedures	5/15/2025	11:30 AM	12:00 PM	Wildwood 3/4
New Fumed Silica Matting Agent for Waterborne Wood and Leather Coatings	Additives	5/15/2025	11:30 AM	12:00 PM	Wildwood 5/6
Lunch		5/15/2025	12:00 PM	1:00 PM	Exhibit Hall
